A Epic Research
Adventure for
Young Innovators
in the Heart of the Himalayas

*Innovation is at the heart of the Shoolini experience.
We take great pride in our identity as a top research university.*

WELCOME

TO SHOOLINI

Dear Innovators,

I welcome you to the **Summer Patent School 2025 at Shoolini University**, ranked #1 in India and #6 in Asia in Research.

India is soon becoming the research destination of the world and it is only with bright minds like you who can make it a hard-core reality.

This program at our campus amidst the Himalayan pine forests and world-class laboratories and mentors will not only open your minds to new possibilities and innovative ideas, it will also give you hands-on experience of a research mindset, a lens to see the world differently and an enriching experience.

I am aware that interests might be varied among you. However, one common interest that drives among innovators is creating and patenting unique ideas- a uniqueness to build a global profile as well. Apart from knowing everything to file a patent during the program, you will also explore our award-winning library, sports facility, pine courts and overall Shoolini in the mountains.

I look forward to hosting you at our vibrant campus, make memories with you and learn a lot from each other.

See you soon!

Prof. Atul Khosla

**Founder and Vice-Chancellor,
Shoolini University**

Alumnus of McKinsey Oliver Wyman,
